Why Choose Us?

"LifeScience Logistics was founded as a healthcare 3PL to provide the highest levels of client-focused service. We understand the unique challenges that you face. You're not just a number to us, and we're not just another anonymous person in a call center. Our business begins and ends with your business. Let us show you what we mean by 'client-focused.'" – Richard Beeny, CEO

We're the 3PL that will find a way to say "YES" to your unique requests.

- We don't have a one-size-fits-all approach
- Special requests and reports are what we do every day
- We're structured to respond quickly

Margins getting squeezed? Chances are, we can SAVE YOU MONEY.

- We use the latest technology, providing accuracy and efficiency
- We're lean—no layer-upon-layer of overhead
- Our flexible pricing structures are transparent—no hidden fees
- Outsourcing means reduced costs with greater control

We understand COMPLIANCE.

- All we do is healthcare
- We have an exemplary audit history
- Our team of experts is here to help
- Even the U.S. Government is one of our clients

We're more than a 3PL "vendor." We're your 3PL PARTNER.

- Your goals are our goals
- You can reach us 24/7 and speak to someone you know
- We understand the critical responsibility of managing your business

We're here for the LONG HAUL.

- Our solutions are scalable and will grow with you
- We're looking ahead to the next 150 years
- Let's help improve and save lives together

Give us a call to tell us about your company, your challenges, and your goals. We are here to help.
